ARISS Educational Outreach / School Selection Committee

June 2009

Rosalie White, K1STO

Educational Outreach / School Selection Committee

- Committee members:

*Valery Agabekov; Jorg Hahn;
Keigo Komuro; Daniel Lamoureux;
Rosalie White (Chair)*

** Consistency in members – a good thing*

Educational Outreach / School Selection Committee

- The committee prefers to handle all business via email.
- Each ARISS Region works with applications in a slightly different manner and makes decisions on its own because each region has its own idiosyncrasies. The exception is if a decision would affect more than one region
- We share all applications for all members to review as Charlie Sufana receives the application for posting.

Educational Outreach / School Selection Committee

*****A reminder of the ARISS school application process procedure:

- School applications and all sections are submitted to the correct ARISS-International School Selection Committee member.
- This member approves it, disapproves it or helps repair it.
- The committee member prioritizes the school within other schools in that ARISS region's list.
- The application is sent to the entire committee and to Charlie who posts the application for the ARISS Ops Team. If the committee sees a problem, the appropriate committee member is contacted.

Educational Outreach / School Selection Committee

Crew Pick Schools

- **Applications are usually submitted, with little time to plan, to Kenneth, Gaston, Steve. Japan has had no crew picks.**
- **These applications are usually telebridge QSOs -- no technical information required**
- ******* All crew applications must go to the appropriate ARISS International School Selection Committee member, all other committee members, Ops Team, and Charlie at about the same time.**

Educational Outreach / School Selection Committee

Crew Pick Schools continued

- **All recipients review the application.**
- **In the US, we try to locate a local ham club to assist if one is not listed on the application.**
- **Charlie posts the application to the web site.**
- **The Ops Team sets the schedule.**
- **An ARISS Mentor or Rita Wright guide the school if its educational plan is weak.**

Educational Outreach / School Selection Committee

- Special issues that arise in an ARISS region are brought to the committee via email for a healthy discussion to problem solve.
- Lessons learned from one region are helpful to another region.

*Educational
Outreach /
School Selection
Committee*

Thanks goes to all committee members for
their hard work that has continued over the
years!
